## **FOREWORD**

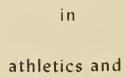

Through the eyes of the camera we have shown that side of West Bridgewater High School which cannot fully be expressed in words. The pictures convey the attitude of the students, the faculty, and the administration; they portray our school with a definite clarity more poignant than words. These concepts have meshed in order to form the basic philosophy here at West Bridgewater which is self-realization. We have taken on certain responsibilities that will enable us to meet the demands of adult society with the assurance that we have been prepared. Having completed these twelve years of preparation, we look forward to life with anticipation, maturity, and understanding

# OUR

# DEDICATEE

"The first great gift we can bestow on others is a gaad example."

The Class of 1965 proudly dedicates its Climber ta Mr. Rabert Chapman. We have learned much from him as a teacher, coach, and man. His knawledge, preparation, and innate ability to teach are present in every classroom sessian. His ability to instill desire and hustle into athletic teams comes fram his own example and enthusiasm. His admirable personal qualities influence all those around him. It has been said, "You can preach a better serman with your life than with your lips." This man shows us the value of an active life, bath scholastically and athletically - ane imbued with high ideals, by living it. If all he had done was to give us this example, there would be none more deserving of aur appreciation.

Mr. Danold A. Fisher, Superintendent

"Congrotulations to oll members of the Class of 1965. We wish you happiness and success in future years.

On behalf of our fellow townspeople I thank you far caaperating with Mr. Sperandia, your teochers, ond ather staff members. Additionally, I thank the entire staff of the West Bridgewoter Public Schaols for the fine interest that everyone takes in the welfare of the pupils of each grade level. There are mony instances of contributions of time and energy beyond the efforts expected under our established responsibilities.

I shore with all who will reod this publication the fallawing wards; "Be o little kinder than necessary." I believe this is wonderful advice for oll of us. It would help us even more if we applied the ideo to all our octivities and ottitudes. For example: work a little harder than necessary, ploy a game a little better than necessary, drive o cor a little more corefully than necessary, be o little more thoughtful than necessary, study a little harder than necessary and so farth."

Best Wishes,

Donold A. Fisher Superintendent of Schools

A glance at the recard of the 1964 Wildcats shows this was not a successful seasan in terms of games wan and last. The tauchdowns warranted by the Westies' desire, hustle, and hard wark did not materialize. However, the team displayed a defense as good as any in the league, allowing an average of 12 points a game and never more than 20. The seasan was campleted with an exciting 16–0 win over traditional rival East Bridgewater.
